MOCOAT FIBREGLASS BUILDINGS FOR GENERAL STORAGE

A COMPLETE TURN KEY SOLUTION

**Please contact us for your free
quotation today**

Fibreglass is virtually
maintenance free.

Our buildings will not rust, rot or
corrode. Graffiti is easily washed
off. The custom color feature
allows buildings to blend in
easily with their surroundings

They are easily expandable.
Other options include shelving,
electrical and lighting, roll-up
doors and floors.

Just a few applications include:

City of Calgary (Parks and Recreation)

Restaurants (Tim Horton's)

Fuel Stations (Petro Canada, Canadian
Tire)

Schools

Mocoat fibreglass buildings are complete with man doors and/or roll-up doors for easy access and offer many additional benefits:

Virtually maintenance free

- Non-corrosive**
- Chemically resistant**
- UV protected**

Modular design

- Variety of sizes**
- Easy to expand**
